

MAXIMIZER

3-18-18 FOLIAR PLANT FERTILIZER

General Information

Maximizer is a proprietary nutrient solution containing the most soluble forms of Phosphorus and Potassium for the safe and effective application on vegetable, fruit and other commercial agricultural food crops.

Maximizer is manufactured in a patented high temperature, one step process that results in different highly soluble forms of Phosphorus and a complex form of Potassium for maximized nutrient utilization for maximum crop production. Highly soluble stabilized Urea Nitrogen completes the formulation.

Rates:

Grapes and berry crops: Apply 1-2 qt. per acre at early bloom and repeat every week as needed.

Cereal crops: Apply 1-2 qt. per acre at early bloom and repeat every two weeks as needed.

Citrus and tree fruit crops: Apply 1 gal. per acre at post-bloom and repeat monthly as needed.

Cucurbit crops (melons, squash, etc.): Apply 1-2 qt. per acre at early bloom and repeat every week as needed.

Cotton, peanuts and soybeans: Apply 1-2 qt. per acre at early bloom and repeat every two weeks as needed.

Vegetable crops (tomato, peppers, eggplant, leafy crops, etc.): Apply 1-2 qt. per acre at early bloom and repeat every week as needed.

Vegetable transplants: Apply 1-2 qt. per 100 gal. of transplant water for in furrow or over the top application.

Sod crops (Sod farms and lawns): Apply 1-3 oz. per 1000 sq. ft. and repeat as needed.

Guaranteed Analysis:

Total Nitrogen (N)3.00%
3.00% Urea Nitrogen (N)
Available Phosphoric Acid (P₂O₅)18.00%
Soluble Potassium (K₂O)18.00%

Derived from:

Urea Di-Potassium Poly Phosphate

Contains 0.6% Humic Acid by weight.
Derived from a 12% Humic Acid source.

Specifications:

Weight per gallon (lbs).....11.5

Store above 32°F

* **Maximizer's** unique manufacturing process and molecule are protected by the following patents: 4724132, 7887616, 8088191, 8193119, 8207089, 8216972, 8221516

Mixing Instructions

Maximizer is recommended for soil or foliar application. **Maximizer** may be mixed with insecticides, fungicides and micronutrients.

Plant Food Systems' products are certified as using only pure, virgin materials, with no byproducts or downstream contaminants for consistent safety, performance & results.

MANUFACTURED BY:

Plant Food Systems, Inc.
F248
2827 Union St. P.O. Box 775
Zellwood, FL 32798
800.343.7775

NET CONTENTS:

- 2.5 gallons (28.75 lbs.)
- 5 gallons (57.50 lbs.)
- 30 gallons (345.00 lbs.)
- 55 gallons (632.50 lbs.)

CAUTION – KEEP OUT OF REACH OF CHILDREN

May cause skin irritation. Avoid contact with eyes, skin or clothing. If exposure occurs, wash exposed area thoroughly with excessive water.
